To whom it may concern,

I am writing this letter to share my appreciation for the services provided by Petaholics. More specifically, I was immediately impressed with the professionalism and care expressed to my dog and I. I have been a client since I got Harley at the age of six weeks. Prior to my dogs first outing, Jordan arranged a meeting for a dog walker and I. During our meeting, I mentioned that my dog is a bit difficult and teething badly. He completely understood and told me not to worry. Later that week he mentioned in his report that he brought his gardening gloves. The candid humor and attention to detail given to my pet is stellar.

My work schedule is unpredictable and Petaholics has been very accommodating. Whenever I have a schedule change, or need to give my dog medicine at a different time, someone is always there to assist me. I am left worry free about the welfare of my pet, and this is a difficult task to accomplish.

I am very satisfied with Petaholics and would recommend this agency to anyone looking for a responsible, reliable and trustworthy dog walker.

Sincerely,

Dorothy Dashti
