To Whom it May Concern,

I feel it is very important that I write this letter of recommendation in support of Petaholics. I have two dogs- a Lab and a Collie mix that are of course, important members of my family. I take my two dogs to work with me every day and that is where Petaholics come in.

They walk my dogs every day and I am so happy I found them! They are extremely professional to deal with and treat the dogs as well as could be. They totally get it. I am also a business owner and highly picky about the way things are done. Petaholics is a great help to me in my day.

Very Sincerely,

Susan Willis
